

Ramisha Raida Karim

Dhaka, Bangladesh (Contact: +8801515688832)
ramisharaida23@gmail.com — <https://www.linkedin.com/in/ramisha-raida-9aa9b9202/>

Personal Profile

A graduate in Electrical and Electronic Engineering (EEE) with strong interests in managerial experience including leadership, marketing and managerial roles. Passionate about leading and development, research, innovation, and continuous learning. Seeking opportunities to contribute to cutting-edge academic and industrial projects.

Education

Islamic University of Technology, Bangladesh Jan 2019 – May 2023
BSc in Electrical and Electronic Engineering
CGPA: 3.85 **Graduation: May 23, 2023**
Relevant Courses: Electrical Circuits, Power Generation,
Wireless Communication, Digital Signal Processing, Cellular Communication
and Microwave Engineering

Research Experience

Undergraduate Thesis: *Double Polarization Peak Shift Sensitivity (DPPSS)*
Published in Optics, 2023

- Proposed a PCF SPR sensor with enhanced wavelength range for bio-sensing with combination of two unique components.
- Developed the sensor with consideration of double polarization in case of sensing performance.

Work Experience

British American Tobacco Bangladesh Ltd., Savar, Dhaka June 2023 – Nov 2024
Global Graduate – Operations

- Automated quality parameters and product development through integrated work systems.
- Automated data entry system for product quality parameters.
- Optimized factory output with sensor calibration in 23 machines.
- Integrated double polarization to optimize sensing performance.
- Developed a traceability system of semi finished goods across the whole supply chain.
- Supervised 34 shop floor employees operating 23 machines on shift brackets and delivered record production for a single shift.
- Conducted stint as a Territory officer in Rajshahi and Dhaka North Region
- Managed the sales distribution and warehouse inventory of Dhaka North region along with retention target achievement

Achievements

- **OIC Scholarship, IUT:** \$13,500 for outstanding academic performance.
- **Global Top 10, Seeds for the Future 2021:** Developed a smart forest monitoring system.
- **Mobile World Congress 2023, Barcelona:** Nominated as the only Bangladeshi student with Huawei sponsorship and visited "MWC 2023" held in Barcelona, Spain on a full free sponsorship from Huawei Technologies Ltd.

Projects

Dhaka City Network Planning – Islamic University of Technology
- Developed a secure Dhaka city Radio Network with optimum coverage including 70 base stations.

Password Protected DC Motor – Islamic University of Technology

- Developed a secure DC motor control system with assembly programming.
- Blocked access after multiple failed attempts and detected weak passwords.

Smart Air and Sound Quality Monitoring System – Islamic University of Technology

- Built an IoT-based monitoring system for air and sound quality, including CO2 and humidity levels.

Smart Forest Monitoring System – Huawei Technologies Ltd.

- Designed an app for tracking tiger movements in Sundarbans, preventing poaching, and monitoring environmental conditions.

Line Follower Robot – Islamic University of Technology

- Developed a robot using Arduino UNO for sensor-based navigation along defined paths.

Snake and Ladder game – Islamic University of Technology

- Developed a simulation based snake and ladder game for two players with multiple extra features using digital logic gates in Proteus software.

Technical Skills

Programming Languages: Python, C, Assembly, MATLAB

Software Tools: Proteus, PSpice, PSIM, MATLAB/Simulink, Atoll, TinkerCAD, Ansoft Designer

Non-Technical: Microsoft Excel, Word, PowerPoint, Public Speaking

Languages

English: Professional Proficiency

Bangla: Native Proficiency

Trainings and Workshops

Industrial Training – Bangladesh Power Development Board (BPDB) June 25 – July 1, 2022

Workshop on PCB Design and Fabrication – IEEE Robotics Society IIUC April 1 – 6, 2022

Seeds for the Future Global Training – Huawei Technologies Ltd. Nov 8 – 15, 2021
Virtual Training from Huawei Headquarters, China.

Extracurricular Activities

- Top 5, Seeds Tour, Mobile World Congress, Barcelona, 2023
- Semi-Finalist, Walton Technation 2022
- Semi-Finalist, Battle of Minds 2021
- Champion, Huawei Seeds for the Future 2021
- Vice President, Viqarunnisa Noon School Science Club
- Best Girl Award Winner, Viqarunnisa Noon School and College
